

# Head of Data and Business Intelligence

"We are looking for the independent thinkers, the fighters, the passionate, the creative, the defiant, and the determined! We hire for attitude and then for skill. If you are passionate about building Internet companies, we want to hear from you!"

**APPLY NOW**

## Requirements

- Minimum of 5 years of professional experience in Business Intelligence or a related task field.
- Experience with the analysis of large datasets, and implementation of business intelligence processes.
- Solid understanding of relational database architecture and very good data modelling skills.
- Strong focus on number-based analysis and structured problem solving.
- Excellent Excel skills.
- Degree in Computer Science, Mathematics, Physics, Business Economics or a related subject.
- Fluent in English.

## Responsibilities

- Consolidate various BTS group wide data sources (i.e. customer, transaction, 3rd party)
- Manage the data warehouse platform
- Manage the digital advertising data management platform
- Conduct various analysis on the database, i.e. create customer segmentation
- Conduct data driven analysis on customer behavior, segments, and explain emerging trends

## Benefits

- Big responsibilities and project ownership.
- Fostering of personal growth in a learning and resourceful environment.
- Easy-integration into a highly professional, international and passionate team.
- Competitive compensation package for living and working in Bangkok.
- Knowledge sharing from the best entrepreneurs in the industry.
- An office in the heart of one of Asia's most international and lively cities.

## About us

**Rabbit Internet** is a company builder and a venture arm of the BTS Group. We developed the unique Rabbit Internet Platform to bring growth to emerging Thai start-ups. We partner with entrepreneurs to build market leading Asian Internet companies and aim to serve the 600 million consumers in South East Asia by 2020.
