

# UX Designer

"We are looking for the independent thinkers, the fighters, the passionate, the creative, the defiant, and the determined! We hire for attitude and then for skill. If you are passionate about building Internet companies, we want to hear from you!"

**APPLY NOW**

## Requirements

- Minimum 5 years of experience with a range of UX and UI work, with a stronger focus on UX.
- Portfolio of responsive websites demonstrates your understanding of HIC, design patterns, and specific platform guidelines.
- Able to manage working across several projects, while ensuring deliverables are met on-time and at a high-standard of quality.
- Possess a clear vision of the future of user experience. Drive to pursue forward-thinking design.
- Experienced in working with Adobe CC (especially Photoshop/Illustrator/Indesign), Sketch, web programming and utilizing software such as Invision or Origami.
- Degree in a design subject.
- Fluent in English and Thai.

## Responsibilities

- Conceptualize and define features, user stories, and benchmarks through rapid wireframing and high-fidelity prototyping.
- Research target user segments, identifying and articulating user needs to supplement the concepting phase of product development.
- Create delightful and intuitive user experiences with clean, beautiful, and refined visual designs.
- Participate in constant design feedback rounds, providing substantial and constructive criticism and striving for the highest quality across all products.
- Utilize the best and most current UX practices to produce highly user-centered designs across a diverse set of requirements and features.
- Direct collaboration with product managers and marketing managers.

## Benefits

- Fostering of personal growth in a learning and resourceful environment.
- Easy-integration into a highly professional, international and passionate team.
- Competitive compensation package for living and working in Bangkok.
- Knowledge sharing from the best entrepreneurs in the industry.
- An office in the heart of one of Asia's most international and lively cities.

## About us

**Rabbit Internet** is a company builder and a venture arm of the BTS Group. We developed the unique Rabbit Internet Platform to bring growth to emerging Thai start-ups. We partner with entrepreneurs to build market leading Asian Internet companies and aim to serve the 600 million consumers in South East Asia by 2020.
